

Acme Corp - Annual Sales Report 2024

Prepared by: Data Analytics Team | Date: January 2025

1. Executive Summary

Acme Corp achieved total revenue of \$48.5 million in 2024, representing a 12% increase compared to \$43.3 million in 2023. The company served over 15,000 customers across 5 regions. The North America region contributed the highest revenue at \$22.1 million. Overall profit margin improved from 18% to 21% driven by cost optimization initiatives.

2. Revenue by Region

Region	Revenue	Share	YoY Growth
North America	\$22.1M	45.6%	+15%
Europe	\$12.3M	25.4%	+10%
Asia Pacific	\$8.7M	17.9%	+18%
Latin America	\$3.2M	6.6%	+5%
Middle East	\$2.2M	4.5%	+8%

3. Top Products

Product	Revenue	Segment
Cloud Storage Pro	\$12.5M	Enterprise
Data Pipeline Suite	\$10.2M	Enterprise
Analytics Dashboard	\$8.8M	SMB
API Gateway	\$7.1M	Developer
Security Shield	\$5.9M	Enterprise

4. Quarterly Performance

Quarter	Revenue	Profit	Margin
Q1 2024	\$10.2M	\$2.1M	20.6%
Q2 2024	\$11.5M	\$2.4M	20.9%
Q3 2024	\$12.8M	\$2.8M	21.9%
Q4 2024	\$14.0M	\$3.0M	21.4%

5. Key Challenges & Risks

1. Increased competition in the cloud storage segment led to 5% price reduction.
2. Supply chain disruptions in Asia Pacific impacted hardware delivery timelines.
3. Currency fluctuations reduced European revenue by approximately \$0.8 million.
4. Customer churn rate increased from 8% to 11% in the SMB segment.
5. Hiring challenges delayed product launches by an average of 6 weeks.

6. 2025 Targets

Revenue target for 2025 is \$58 million representing 20% growth over 2024. Key focus areas include expanding the Asia Pacific market, launching 3 new products in the developer segment, and reducing customer churn to below 7%. Marketing budget has been increased by 25% to support these goals.
